

CAMPO AL MARE

## Baia al Vento Bolgheri Superiore DOC 2020

*Italy / Tuscany*

On the Bolgherese provincial road, in the heart of the best production of Bolgheri wines, the Folonari family cultivates about 17 acres of Merlot destined for the production of Baia al Vento. It is a vineyard characterized by soils rich in minerals and iron that give the wine structure, elegance and abundance of aroma.

### HARVEST NOTE

The 2020 vintage began with a mild winter with sporadic rainfall. The sudden return of colder temperatures in March brought a frost that occurred at the end of the month, causing some damage to the newly hatched buds. Temperatures increased from mid-April with spring regularly supporting good flowering and fruit sets. These took place between the end of May and the beginning of June. The summer was generally hot and dry, but without high heat peaks. September could be described as having above average temperatures until the very last week of the month, the period thereafter was a generally a cool and rainy climate that lasted until October.

### TASTING NOTE

This wine, characterized by a remarkable density, combines its impenetrable dark color with very rich scents blending blackcurrant and blackberries jam, with savage tones of black truffle. On the palate its volume is exceptional, opulent, with very subtle tannins.
